## **DETAILED ACTION**

## Response to Amendment

The reply filed on 2/1/06 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicant's **election is incomplete**; while applicant has elected invention-I, an election of the two species present in the application is lacking.

Specifically, as outlined in the office action mailed 10/4/05, the applicant is required to further elect species-I or species-II; as both inventions contain claims directed to two distinct species for directing roots into the severing slits.

Species-I (claims 1 and 2) relies upon a sprinkling unit while Species-II (claims 3 and 4) relies upon a blower unit.

Applicant is required to further elect species-I or species-II for prosecution on the merits, and as there is no linking or generic claim, the non-elected species is not subject to recapture if the application is passed to issue.

See 37 CFR 1.111. Since the above-mentioned reply appears to be bona fide, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
